«Places of interest in Ufa»

Our students have become members of the International Cambridge Pen Pals Club.

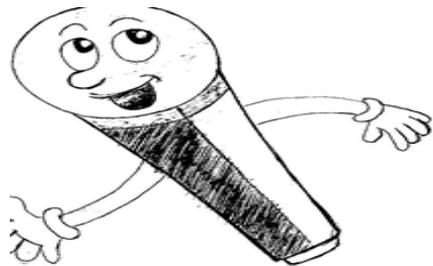

This project inspires people to find friends around the world, share cards and make international pen friends in a safe, fun environment. It gives them the confidence to succeed in English and make new friends.

Our students decided to tell foreign peers about themselves and sent drawings and letters to the international website.

Our partners are schools in Poland, Spain and Portugal and we have already been awarded the badge of participation in the project with European countries!

*Dear friend,  
My name is Larisa. I live in Ufa. Ufa is an
